ABOUT THE SOCIETY

EASTS (Eastern Asia Society for Transportation Studies), an umbrella organization of transportation science societies in Eastern Asia, was founded in November 1994 following the meeting with transport experts from 13 countries/regions. The primary objectives of EASTS are to foster and support excellence in transportation research and practice and to stimulate professional exchange in all aspects and modes of transportation. There are currently 19* member domestic societies. It is expected more countries/regions to become member domestic societies.

*Sri Lanka DS was approved as a new member domestic society in 2016.

ACTIVITIES

International Conference

The primary activity of the Society is to organize, generally once every two years, a conference on transportation studies, gathering researchers and practitioners from member countries/areas. **The next 12th conference is scheduled in September, 2017 and to be held in Ho Chi Minh City, Vietnam.**

Latest Conferences Date & venue	Conference Theme	# of Papers
11th Conference 11-14 Sep., 2015 in Cebu, Philippines	Resilient and Inclusive Transportation Systems through Smarter Mobility	475

International Research Group (IRG)

Several international cooperative research projects are being conducted as an International Research Group (IRG) approved by EASTS due to the increasing importance of international viewpoints in the transportation field. The IRG is expected to hold seminars and symposia as part of EASTS activities, and encouraged to apply for other funding sources and to coordinate with other organizations.

[Examples]

- Motorcycle, motor scooter, motorbike ownership and use in South East Asia city
 - Institutions for Railway Development in Asian Cities (IRDAC)
 - Viability of Public Transport Harmonizing System with Para-Transit Modes
 - Logistics in Asia: Interdependent Supply Chain and Advancement of Intelligent Management
- (11 IRGs in total are now in action as of 12 September, 2016.)

International Cooperative Research Activities (ICRA)

EASTS is offering research grants to a group of researchers involved in transportation and related fields through its International Cooperative Research Activity (ICRA). The reports of past ICRA projects are available online.

FINANCIAL SUPPORT FOR PAPER PRESENTERS

EASTS has been offering financial support to researchers in developing countries to carry on their research, participate in international conferences, etc.

Please check the Call for Papers of EACH conference.
